Life

Making
abortion
numbers
a major
election
issue!

2PM

DUBLIN

**BANK HOLIDAY
MONDAY 6TH MAY**

(Marching from University Church side of St Stephen's Green to Leinster House)

Let's make reducing the abortion rate a major election issue!

There is enormous potential to grow the pro-life vote. If activated, it will result in growing the number of pro-life candidates elected who'll work to reduce the abortion rate and help create a more welcoming environment for women in unplanned pregnancies and their unborn babies.

A massive turnout at the March for Life on May 6th will send a very strong message to voters about the importance of voting pro-life on Election Day.

In recent months, the awful truth about Ireland's new abortion law has been laid bare like never before. A staggering **€46 million of taxpayers' money** has been spent on abortion provision since the law changed in 2019.

Tragically, all the indications suggest the soon to be published abortion figures for 2023 will exceed 10,000.*

The pro-life movement has remained active and focussed in recent years but it's time to bring things to a whole different level. Together, that's how we'll deliver the change that's needed!

Please make an extra special effort to attend this year's march which is timed perfectly to coincide with the upcoming elections.

*This massive rise contrasts with 2,879 Irish abortions in 2018, the year prior to the new law taking effect.
